

AWARDS FOR  
**THE BEST**

# Metal trophy

## Icons

A great idea - ideal for honors where colored logos and changing texts are required. A solid aluminum plate is combined with high-quality, silver spacer screws with an interestingly shaped front part made of acrylic glass. The acrylic front part can be labeled by laser, the aluminum plate can be digitally printed with a colored logo and changing texts using sublimation. Modern designed, lightweight trophies for the small budget.
